

Mapleton-Union Elementary Parent Involvement Policy

Mapleton-Union Elementary School is committed to the success of its students and will strive to improve parental involvement in all areas of our students' academic lives. We will do this by involving parents in meetings, conferences, Open House, and other activities held at convenient times in which planning, reviewing, and improving the education of our students at their individual levels and to their ability will be the focus.

The school will make available information on academic standards, curriculum, assessment tools, and grade level expectations. The school will also make reasonable accommodations so that parents have the opportunity to participate in school related functions as well as support and encourage parents interested in leading Title 1 activities at school, in order to help their children succeed.

We will inform parents through newsletters and personal contact of important information about the school and Title 1 services as the need arises. We will hold an annual performance meeting to explain and report to parents about Title 1 services and gain feedback.

We will develop a School-Parent Compact that outlines how the school, parent(s), and students share responsibility for improving student achievement. Learning takes place best when there is a combined effort on the part of the home and school working together.
